

TO FLOAT BOND FOR SILK FIRM

Chamber of Commerce will Submit Statement to County People.

OFFER \$85,000 IN BONDS

Paper Secured by Mortgage Covering Ground and Building. Will Pay Six Per Cent.

A committee of three men to consult representatives of each bank in Gettysburg for the purpose of preparing a public announcement that the banks and Chamber of Commerce will recommend the purchase of J. H. and C. K. Eagle bonds was appointed at a meeting of the Chamber directors on Friday night.

J. H. and C. K. Eagle Company is the silk manufacturing firm which Chamber of Commerce has been endeavoring to locate a plant in Gettysburg.

When the Chamber of Commerce committee and representatives of the three banks come to an agreement a statement will be drawn up telling the people of Adams county that the J. H. and C. K. Eagle company is in good financial standing and that investment in their six per cent bonds is recommended.

It will be the aim of Chamber of Commerce to dispose of \$85,000 worth of bonds in Adams county.

Proposition Outlined

The proposition of the Eagle Silk Company is fully outlined in a letter from their attorney, Charles C. Lark, of Shamokin, who states: "It is the purpose of the J. H. and C. K. Eagle Company to locate and operate a silk throwing plant at Gettysburg. The building will cost approximately \$85,000. Bonds to the amount of \$85,000 will be issued and these will be secured by a mortgage covering the ground and building, by any future ground purchased and added to the plant and by any additional machinery."

It is also stated that additional machinery will be added which will increase the value of the plant to \$100,000.

"The mortgage will be confined to the plant at Gettysburg," the letter continues, "but the bonds carry with them the personal guarantee of the J. H. and C. K. Eagle Company. They will be in the denomination of \$500 each and will bear interest at six per cent payable semi-annually. These bonds will run for a period of seventeen years and must be taken by the people of Gettysburg and Adams county in order to secure the industry. Interest on the bonds will begin when the plant is completed."

Eagle Silk Company stipulates that Chamber of Commerce must get subscriptions for bonds amounting to \$85,000 with one-third of the amount to be paid to the Eagle firm when the Gettysburg building is one-third finished, another third when the building is two-thirds finished and the balance at the completion of the building.

The Attorney for the Eagle company states they will enter into an agreement with Shamokin Lumber and Construction company for the erection of the building immediately after the purchase of the ground if the title of the property is found satisfactory.

"As soon as conditions are satisfactory to both parties we are ready to enter into an agreement with the proposed bond holders," the letter concludes, "and this entire proposition."

COUNCIL MAY ASK LOAN OF \$50,000

Limit on Borrowing Power has been Reached. Want Expression of Opinion.

POPULAR VOTE SUGGESTED

Improvement of Carlisle and Baltimore Streets and Municipal Light Plant Would Take Money.

The voters of Gettysburg may be asked at the November election whether or not they will authorize the Town Council to float a \$50,000 bond issue to cover the expenses the borough will be compelled to meet next year. This fact was brought out at the special meeting of the Council held Friday evening when the subjects of street paving and a municipal electric power plant were being discussed.

"The borough has nearly exhausted its borrowing capacity," said one of the Councilmen, "and before we can think of paying our share for the improvement of Carlisle and Baltimore streets, which State Highway Commissioner Sadler has promised us next year, we will need a considerable sum of money. It is up to the voters to decide what shall be done." The seven members of the Council present generally approved of the plan and at a meeting that will be called early next week by the president this proposition will be thoroughly discussed and considered from all angles.

Not only is the borough confronted with a financial problem in connection with future street improvement but the question of street lighting which was discussed at the Tuesday evening meeting is one of the Councilmen feel is of the greatest importance. The members of the Council are anxious to hear an expression of opinion on the part of all citizens in regard to the bond issue for street improvement and electric lighting before any definite steps are taken to have these questions voted on at the general election. It was intimated that if a \$50,000 bond issue was authorized the \$10,000 issue floated several years ago would be annulled.

Sufficient money is believed to be available to meet the borough's share of the expense for paving Chambersburg and York streets but that will exhaust the borrowing capacity of the town. The McDonald Construction company, of Philadelphia, which was the low bidder for the borough job, has told the Council that an effort to complete as much of the work as possible will be made this year, if Commissioner Sadler makes his decision soon. The bid was submitted, one of the contractors said, on the cost of labor and materials at the present time and the firm did not care to take any chances on the conditions that

WOUNDED SOLDIERS HERE

Men of the 4th and 58th Included in Party from Carlisle.

Thirty five wounded soldiers from the Carlisle Hospital including many members of the 4th and 58th Regiments came to Gettysburg on Friday and were entertained by the customary dinner and battlefield trip by the Red Cross Canteen Committee.

A number of the boys had been previously stationed here and inquired about their Gettysburg friends but were not given sufficient time to call at any homes.

Mrs. Charles Prince and Miss Catherine Reese, of the Harrisburg Motor Service, drove the boys here.

Frank Waybright, of Mount Joy, came to Gettysburg with three other Mount Joy residents and four machines to haul the wounded men. Miss Edith Dorsey and William Weaver, also donated the use of their machines.

It was necessary, however, to use one of the army trucks to haul several of the soldiers as no other cars were at hand.

TROUT ARE SENT OUT BY STATE

Streams that have been Thoroughly Fished will be Replenished.

Distribution of trout for the stocking of more streams and for the replenishment of some which have been pretty thoroughly fished the last few years has been started by the State Department of Fisheries from the Bellefonte and Corry hatcheries. It is the plan to push the distribution when the weather becomes cooler and more suitable to shipments, but where conditions are favorable the stocking of streams will be carried on at once. Commissioner of Fisheries N. R. Buller says that the two hatcheries have a large number of trout, being stocked almost to capacity and that these fish run from two to seven inches in length.

Efforts are being made by the Department of Fisheries to obtain more favorable arrangements with the United States Railroad Administration regarding the shipment of young fish. In years gone by as high as 40 and 50 cans were allowed in one shipment, but now only 20 may be shipped which has operated to increase amount of work and cost of distribution.

More requests for bass have been made upon the fisheries department this year than ever before. Bass are being shipped from Pleasant Mount and Union City hatcheries and while the number will not meet the requests it is believed that each section of the State will receive a share.

BOYS OFF TO PRISON

McSherrystown Youths Will Serve Three to Five Years.

Among the ten prisoners taken to the Eastern Penitentiary Friday morning by Sheriff William D. Haas, of York county, were four lads ranging in years from seventeen to twenty. They were the McSherrystown boys who were convicted of burning a barn in Hanover, Earl Graft, Raymond Eltz, Roy Eltz and Emanuel Fink. Each one of the quartet was sentenced to serve not less than three years nor more than five in the penitentiary. Graft and Fink also entered pleas of guilty to charges of felonious entry, larceny and receiving stolen goods. They received the sentences of three to five years for these offenses, but the terms will run concurrently with the sentences imposed for the other crimes.

After these prison terms have been completed the young men will be re-arrested and placed on trial in the Adams county court on the charge of arson, for burning McSherrystown buildings.

MEET AT WILKES-BARRE

State Sunday School Convention to be Held Next Month.

The fifty seventh annual State Sunday School Convention will meet in Wilkes-Barre on October 8th, 9th and 10th. Adams county is entitled to sixty delegates. Any one desiring to go as a delegate is asked to make application at once to the County Secretary for credential cards. A special railroad fare has been granted by the Railroad Administration. In order to get this reduced rate a card order must be presented at the ticket office. This order can only be gotten by making application to the County Association. Miss Lily Dougherty has been supplied with the cards by the State Association and all orders for same must be sent to her.

SNYDER HELD ON SERIOUS CHARGE

Bail of George Kochiow's Assaultant Set at \$1200.

ONLY FOUR MEN TESTIFIED

Kochiow Displayed Bullet Taken from His Side During Operation. Admitted Carrying Concealed Weapon.

William Snyder, American, charged with shooting George Kochiow, Greek, during a fight on the Harrisburg state road, August 28, appeared at a hearing before Squire J. L. Hill on Friday evening and was held for court on \$1200 bail.

Snyder is held in \$1000 bail on the charge of shooting with intent to kill and in \$200 on the charge of carrying concealed deadly weapons.

George Kochiow, who lives at the Wabash Hotel and is also known by his wrestling title of "Harry Neck" was the first witness called to the stand and he related the story of his fight with Snyder.

He told of an argument between Snyder and himself at 8:00 o'clock in the morning, how Snyder had disappeared from the scene of work and reappeared a few minutes after 10:00 o'clock.

"As soon as he came back he started to call me names," said Kochiow, "and when I started to walk toward him to find out why he was mad he pulled a gun from his pocket, took a handkerchief from around it and shot five times. One of the bullets grazed my left arm, one went in my left side, and three missed me. After he shot five times I knew he had only one left and I went after him. I tore his revolver from his hand and threw it in the road. One of the men held me and when I was on my knees Snyder hit me on the head with a shovel."

Kochiow then exhibited a bullet which was removed from his side during an operation on Friday afternoon. It was necessary to cut a hole two inches long and one inch deep but Kochiow took no anesthetic.

Not only did Kochiow appear at the hearing only a few hours after his operation but he talked frequently of his proposed wrestling match in Gettysburg with Tommy Tekis, of Wilmington, and said, "I want to show the people of the town that I can wrestle and if Tekis comes here next Friday night I will go on with him. Efforts are being made to postpone the match three or four weeks to give Kochiow or 'Harry Neck' chance to recuperate from the effects of his wound."

Lewis Chones, Greek foreman, testified that he had separated Kochiow and Snyder during their controversy early in the morning, had seen Snyder get on a truck bound toward Gettysburg and had returned about two hours later in time to see Kochiow and Snyder in a clinch with the former bloody and his shirt on fire.

Crawford Wagaman, nineteen year old son of Charles Wagaman, of the Munnsburg road, verified Kochiow's statements that Snyder hit him with a

ARMED MINERS ON OVERLAND MARCH

Three Thousand Men Cross Mountains to Enforce Unionization.

(By Associated Press)

Charlestown, West Virginia, Sept. 6.—Five hundred miners who left Oak Grove to march across the mountains to Coal River intending there to enforce the unionization among the miners have been joined by three thousand men, according to word received here by Governor Cornwell shortly before noon to-day.

All of the miners are said to be armed and according to information received by a local coal operator all coal operators of the Cuyahoga Field are unloading carloads of machine guns in different sections of Logan county as a means to safeguard their property from attack by the miners in the Coal River district.

William Petry, Vice President of the Seventeenth District of the United Mine Workers of America said 4000 miners were on the march. Mr. Petry declared that the men had refused to listen to the governor's appeal last night to return to their homes and he predicted serious troubles in the Coal River district unless the demands of the miners were granted. He said he expected that the marching miners would be joined by 25,000 more men before they reached Logan county.

The march toward Logan field followed a big demonstration at Oak Grove last night in which nearly 5,000 miners participated and met for the purpose of completing plans to go to Logan county to force the operators there to accept the demands to form a union organization.

WILL ATTEND ENCAMPMENT

Large Gathering of Grand Army Folk at Columbus.

Dr. Henry Stewart and his mother, Mrs. Salome Stewart, will leave Sunday for Harrisburg where they will join the Pennsylvania Headquarters excursion to Columbus at which place the Grand Army of the Republic National Encampment is being held next week. Dr. Stewart is a national delegate representing the Sons of Veterans and Mrs. Stewart is treasurer of the Associated Army Nurses. Representatives of all organizations allied with the Grand Army of the Republic will be present at the encampment.

FRANK BEAMER

Native of Gettysburg Died in Knoxville, Illinois.

Frank Beamer, former resident of Gettysburg, died at his home in Knoxville, Illinois, recently. He had been in poor health for some time.

Mr. Beamer was born in Gettysburg, March 10, 1884, and moved to Illinois in 1867. He was a Civil War veteran and served nine months in the 165th Pennsylvania Volunteers. He also served a second enlistment in an independent company after his first enlistment had expired.

Surviving him are two children, James Beamer and Mrs. Charles Myers, both of Knoxville. He also leaves a brother, Rev. Walter Beamer, and a sister, Mrs. Charles Miller, both of Gettysburg.

DOES ADAMS HAVE THE PROFITEER

Dr. E. H. Markley, Former Food Administrator, will Investigate.

ORDER FROM WASHINGTON

Reports that Profiteering was Being Practised Here Reached Harrisburg. Will Appoint Committee.

An Adams county profiteering investigating committee will be appointed in the near future by Dr. E. H. Markley, former Food Administrator, in response to orders from the Department of Justice at Washington.

Dr. Markley stated to-day that he had answered immediately the order from the Department of Justice and was awaiting final instructions before selecting his committee.

"As soon as I receive final instructions from the Department of Justice at Washington," said Dr. Markley, "I shall appoint an investigating committee of five men and two women. These seven persons will make a tour of Adams county and will have the authority to visit all factories and stores, investigate the stock, and decide whether or not the owner has been guilty of profiteering. Not only food but other articles will be checked up."

An investigation in Adams county has been ordered, said Food Administrator Markley, because of complaints that were sent into Harrisburg that profiteering was being practiced in this section.

As efforts are being made throughout the entire United States to stamp out one of the greatest evils of modern times, Dr. Markley said that his committee would be composed of persons who would investigate conditions thoroughly and report immediately any law violation they could discover in Adams county.

"I hope that reports sent in to Harrisburg that profiteering is progressing in Adams county are unfounded," said Mr. Markley, "and that the investigating committee will be unable to discover any food hoarders. If any violators are found, however, we will report them at once to the Department of Justice whose members I know will take steps immediately to punish the offenders severely."

Dr. Markley expects to receive final instructions from the Department of Justice before the expiration of a week.

STRIKERS AGREE

Street Car Service Resumed in Ohio Capital.

(By Associated Press)

Columbus, Ohio, Sept. 6.—An agreement was reached to-day between the striking motormen and street car conductors and the Columbus Rail-Light company and an announcement was made that the service which had been stopped for four days by the strike would be resumed immediately.

TYPHOID FEVER CASES

WILSON CARRIES TREATY TO WEST

Capacity Crowds Heard President Urge Support of Document.

COVERS THE SAME POINTS

Says Treaty is Greatest Document in Human History. Would Substitute Arbitration for Force.

(By Associated Press)

Kansas City, Missouri, Sept. 6.—President Wilson appealed to a Kansas City crowd to-day to support the Peace Treaty as a charter for a new order of things in the world. Making his third speech on the Peace Treaty in Missouri to-day before a capacity crowd President Wilson spoke in Convention Hall. The capacity of the hall is estimated at 15,000.

When President Wilson, accompanied by Mrs. Wilson, appeared on the platform the vast crowd, each of whom had a small American flag, arose and cheered for more than two minutes. President Wilson was cheered as the presidential party paraded to Convention Hall.

In addition to the League of Nations covenant many of the same points in the treaty that he discussed previously in his addresses were covered. Mr. Wilson said he had come directly to the people with the greatest document known in human history. He also said that it was shot through with American principles by the consent of the world.

One thing, he said, America had advocated throughout her entire existence was that arbitration should be substituted for force. For five months the League of Nations covenant had held the center of international controversy, he declared, and that the principles involved were already a part of thirty arbitration treaties and had been accepted by the United States Senate. The principles embodied in the league had also been adopted by the people of the United States, Mr. Wilson stated.

STOCK REPORT

Light Trading Tone Attributed to Labor Conditions.

(By Associated Press)

New York, September 6.—Light trading attended the opening of the morning session of to-day's stock market. The tone was ascribed to the labor situation in the United States.

United States steel under moderate pressure declined one and five eight points. Losses of one to three points were recorded in equipment and rails. This loss was neutralized by gains of one to five points in oils, shipping, motors and subsidiary issues. The closing was irregular. Sales approximated 400,000 shares.

ACTORS' STRIKE SETTLED

Agreement Reached Between Owners and Players To-Day.

(By Associated Press)

New York, September 6.—The actors' strike which began about one month ago and after closing the majority of the legitimate theaters in New York spread to other cities was settled to-day. All theaters affected by the strike will open at once.

Augustus Thomas, the playwright, chairman of the mediation committee of the Author's League of America, stated an open shop had been agreed upon. Francis Wilson, president of the Actors' Equity Association, said all the differences between the theater owners and actors had been settled satisfactorily to both sides.

BORAH ATTACKS WILSON SPEECH

Sherman Says President is One Hundred Per Cent a Demagogue.

OPEN DISREGARD OF LAW

His Stand on Labor Brings Sharp Criticism. Senators Rap His Policy in Russia.

St. Louis, Mo., September 6.—The United States will be senior partner, the financial, economical and commercial leader if she joins the family of nations, President Wilson asserted Friday night in the fourth address of his 10,000-mile tour.

"If we reject the treaty, we will stand alone in the world," said the President. He asserted that only the ignorant believed the United States could stand alone against the rest of the world.

The executive explained the proposed workings of the reparations commission, saying it would strive to revive world industry and see that Germany paid her debts to civilization.

In the event that the United States should reject the treaty, this country would become a virtual nonentity in the financial world, declared the speaker. Remaining out of the League meant a large standing army, munition factories, fortifications, which would make higher taxes, the President explained. He warned that if this country remained out of the League and stood alone it must do so, as a nation in arms, and if the United States intended to prey on the world she deserved to be frozen out of world intercourse.

Back on Board Train

After the evening speech the President's party motored to the railway station and went directly aboard their train. It did not leave for some time, however, and Mr. Wilson spent a half hour on the rear platform chatting with Secretary Tumulty and Dr. Grayson. Held back a little distance by police lines, was a crowd which repeatedly shouted to the President for a speech, but he, smilingly, declined.

Calls Critics Quitters

In his address here Friday President Wilson discussed at length disputed points of the peace treaty and invited those who opposed it to prove whether they "are not absolute, contemptible quitters if they do not see the game through."

The President defended the Shantung provision as the only solution possible by which China can be assisted in her effort to regain control of Shantung province. Analyzing article 10 of the league covenant, he said the league council could only advise and could not do that without concurrence of the American members. The right of revolution, he asserted, was scrupulously preserved.

The President's first address was at a Chamber of Commerce luncheon after he had been cheered along the route of a seven-mile automobile ride through the streets. He spoke Friday night in the Coliseum, where in 1916 he was renominated for the presidency.

Following the midday address the President and Mrs. Wilson went for an automobile ride and stopped at Washington University to visit several members of the faculty who were school chums of the executive.

Ovation at Coliseum

The Presidential party arrived shortly after 8 o'clock at the Coliseum, where many national conventions have been held. When the President arrived the crowd that packed the hall arose and cheered for more than four minutes. Thousands of small American flags had been distributed and the audience waved them wildly while they cheered.

The President was introduced by Governor Frederick D. Gardner, who said the people of Missouri never had been more sincere in extending a welcome to any visitor. This brought renewed cheering.

FIRE TOWERS IN FORESTS

Six will be Constructed to Protect State Timber.

The State Forest Commission Friday decided to construct six steel fire towers for observation purposes on State forests in northern and central Pennsylvania and, if practicable, the work will be let this fall. A number of towers have been employed in observation work on State and privately-owned lands and have been found valuable.

The commission also granted the State Game Commission permission to place beaver on the game preserves in State forests with a view to propagation.

Thirty six hundred acres of land have been bought to add to forests in Potter and Mifflin counties, and an offer of 16,000 acres in Potter is being considered.

The commission also considered plans for incorporation of mineral and similar rights in leases of land.

PERSHING TO GET WARM GREETING

New York will Declare September 10 Pershing Day.

New York, Sept. 6.—The Board of Aldermen Friday appropriated \$100,000 for the reception and entertainment of General Pershing and his staff and the expenses of the parade of the 1st Division next Wednesday. The day also was declared an official holiday in all city departments. The board of governors of the New York Stock Exchange, Friday, decided to make September 10 (Pershing Day) a special holiday, closing the exchange.

Citizens of New York were called upon by Mayor Hylan in a proclamation issued Friday to decorate their homes and business places in honor of General Pershing, who will be the city's guest of honor next week.

After urging a fitting welcome to the "victorious leader of the largest army ever raised under the Stars and Stripes," the Mayor asked for a general display of the flag which "now stands pre-eminently among the peoples of the world as the symbol of justice, freedom and protection for the weak and oppressed of all lands."

Another contingent of the 1st Division numbering 1,869 officers and men, arrived here Friday from Brest on the transport Zeppelin. The units included 34 officers and 241 men of the Division Headquarters, five officers and 44 men of the 1st Field Artillery Brigade Headquarters, 22 officers and 652 men of the 5th Regiment of Field Artillery, 40 officers and 768 men of the 6th Regiment of Field Artillery and eight officers and 60 men of the 2nd Field Hospital.

Brigadier General Augustine McIntyre returned in command of the 1st Field Artillery Brigade troops. The remainder of the 2,072 troops on board were casualties.

Other units of the 1st Division arrived from Brest on the transport De Kalb, which brought the 3d Machine Gun Battalion complete, with 24 officers and 570 men, and the 1st Sanitary Train, including Headquarters Detachment, Headquarters Field Staff and Ambulance Company, and Camp infirmary and Medical Supply Detachments with nine officers and 120 men.

LITTLE INTEREST IN LIGHT SAVING

Majority of People Prefer to Return to Sun Time and Stay There.

On October 30 Gettysburgians will turn their clocks ahead and once more they will live by sun time. While many neighboring towns and cities are making plans whereby the hour of sunlight can be retained next year there is little interest in the proposition shown here and the sentiment throughout the county is decidedly against the daylight saving idea.

Practically the only supporters of the law which was repealed recently by Congress in Gettysburg are the base ball fans who fear it will be impossible to continue twilight base ball unless that hour of sunlight is saved.

It is unlikely that a concerted action such as has been taken in nearby towns and cities will be proposed here. Harrisburg and York counties have strongly expressed themselves in favor of manufacturing a law of their own with which to continue the plan. Scores of petitions circulated by a Harrisburg paper has met with a hearty response. The plan under consideration is not to change the clock but to start the day an hour earlier.

GOVERNOR TAKES HAND

Will Confer with Bureau Heads on High Cost of Living.

Improvement of marketing conditions as a means of cutting down the high cost of living and further plans for co-operation between departments of the State Government and the State Welfare Commission which succeeded the State "War Board" will be considered at a conference to be held in Harrisburg probably within the next ten days. It is possible that some reduction of State activities in regard to employment bureaus now that there are reports generally of more places than men and women to fill them may also be taken up.

Mrs. Gildersleeve (looking at a portrait)—"But that beautiful thing isn't a picture of Miss Gunglins, the homely nurse?" Mrs. Blitheman—"Yes, it is; it was painted by an artist she pulled through a critical illness.—Judge."

AN eastern corporation has an opening for a live man with sales and executive ability to handle an automobile accessory with a world wide demand. An article that has been tried out and endorsed by the largest companies in the country. Address Box 453, Steelton, Pa.—advertisement

REJECTION MEANS ARMED ISOLATION

Says Wilson Speaking of League of Nations at St. Louis.

WE CANNOT STAND ALONE

Covenant will Give America Dominating Position. President Calls Critics Quitters.

Washington, Sept. 6.—President Wilson's declaration in his address Thursday at Columbus that the international labor conference provided for in the peace treaty would be held here next month, regardless of whether the Senate had ratified the peace treaty in the meantime, was attacked in the Senate Friday by Senator Sherman, Republican, Illinois.

Declaring the President's declaration indicated "contemptuous disregard" for the law, the Illinois Senator said: "Public officials have been impeached for less flagrant violation of the laws of our country than this."

"Next month," said Senator Sherman, "we are notified, the President proposes to assemble in this country the representatives of various countries under the labor articles of a treaty unratified by our country. It is his declared purpose to convene on American soil a meeting of alien governments with our own regardless of whether the treaty has become the law of this republic or not."

"Limiting the laborers of this country to the narrow definition of the President even, there is no land in which the rights of labor are so liberal and cared for as ours. This paragraph of the President's address is 100 per cent demagogical. It is an appeal to the lawless, a covert invitation to the ever-present dissatisfied restless element to demand what they will."

"The President has already played with firebrands sufficiently to have informed him of the danger. He has yoked himself up with revolutionaries so frequently as to know he cannot check their mad race to the goal of lawlessness. His open declaration that he proposes to convene on American soil radicals as well as others from foreign governments is a proclamation of lawlessness and contemptuous disregard of the United States government. Again we have one who declared 'I am the state.' Have the American people quit electing presidents and begun to elect kings? Public officials have been impeached for less flagrant violation of the laws of their country than this."

Borah Raps Meddling

Later Senator Borah, Republican, of Idaho, commented on statements of the President in his Indianapolis speech. Referring to the executive's declaration that the United States had developed until it was in a position not only to look after its own affairs, but to aid other nations, Senator Borah said:

"That is exactly what we are doing in Russia—pursuing a policy to establish by military power a government in Russia that will be satisfactory to Great Britain, Japan and the United States."

Senator Borah reiterated complaints against what he termed "carrying on war" with Russia without a formal declaration of war.

"To speak plainly, it is a plain usurpation of power," he said. "I believe the American policy originated with Japan and Great Britain to effectuate Japan's policy in Siberia."

"The United States is permitting her troops to be used to effectuate Japan's policy."

WILL MAKE FOOD SURVEY

In Connection with Investigation of Marketing Conditions.

When the State Welfare Commission and heads of various departments meet at Harrisburg in conference with Governor Sproul first steps will be taken toward returning to departments the activities which were taken up as special features and developed during the war by the Defense Commission. This will include the employment service. The activities of the Commission and the State government will be devoted toward combating the high cost of living and the State Bureau of Markets will work in conjunction with the Welfare Commission. Improvement of marketing, a series of State food surveys and direct buying will be problems taken up.

YORK BARS SHIMMIE

Mayor Clamps Down Lid on Late Style of Dancing.

Mayor E. S. Hugentugler, of York, announced Friday that he has issued orders to all dance hall proprietors that the "shimmie" dance will be barred in the future. Under a recent act of the legislature, the mayor is given full authority to regulate dancing. Tight holding, while dancing, is condemned by the Mayor, and he says he intends to see that dancing here in the future is done without a squirm.

OPPOSE MEAT CONTROL BY FEW

Small Establishments are Discouraged by Unfair Competition.

Washington, Sept. 6.—Localized and decentralized production of live stock would be promoted by the Kenyon bill, Mrs. Florence Kelley, secretary of the National Consumers' League, told the Senate Agriculture Committee Friday, attributing high prices of food in part to the packers.

"We believe that it is not a rational thing that a small group of men should hold such a control over our meat supply as do the larger packers," said she.

Smaller establishments, she continued, were so "discouraged by the competition of the central producers with their enormous advertising" that local food products were taken off markets.

Ward A. Neff, publisher of a group of live stock newspapers, told the committee the bill might require licensing of all newspapers printing live stock prices.

"The license provisions as they affect newspapers are entirely unnecessary," he said. "It tends to restrict the freedom of the press."

Live stock producers are not in favor of the Kenyon and Kendrick bills, Neff said, but added, "a great many farmers feel something is wrong with the industry and that something should be done, though this legislation is not the proper method."

L. F. Rodberg, a St. Louis retailer, told the committee he was against any form of license regulation for the packing industry. Referring to wholesale grocers who have presented arguments for passage of the Kenyon bill, he said: "What's hurting these fellows is that the packers are selling cheaper than they do."

Senator Kendrick read into the record a joint telegram from residents of Dallas, Tex., which said that its signers wished "to refute the infamous testimony of C. E. Hunt, of Dallas, to the effect that Dallas people are satisfied with the present high cost of living."

SNYDER HELD ON SERIOUS CHARGE

(Continued from First Page.)

shovel when he was down. Wagonman, who witnessed the shooting, said he saw Kochiow hit Snyder once toward the end of the fight.

An interpreter, Lewis Chones, was needed to secure the testimony of Chris Bambas, Greek, who has been in this country but speaks broken English and was unable to understand questions asked him.

Throughout the hearing William Snyder was given an opportunity to ask witnesses questions and he said to Kochiow, "Didn't you tell Lewis, the boss, in your own language that you were going to fight me and didn't you hit me twice during the morning argument?" Kochiow replied in the negative.

Toward the end of the hearing District Attorney Raymond Topper said to Snyder, "So you admit carrying concealed deadly weapons?" "Yes," replied Snyder, "I carried this gun for four months." Attorney Topper jumped out of his seat and said, "What do you mean by carrying a gun for four months?"

When Snyder failed to answer Mr. Topper said, "Well you nor no one else can get away with that kind of stuff around here."

NO CHANGE IN STRIKE

Waynesboro Condition Remains Unchanged.

Owing to the continued absence from Waynesboro of a member of the officials of the local manufacturing companies, no further move was made Friday in the proposal of the board of trade and chamber of commerce to act as mediators in the labor difficulties.

Committees appointed by the unions are prepared for the first meeting as soon as the manufacturers get together and decide on their course.

WANTS TO FIGHT DEMPSEY

Willie Meehan Makes \$60,000 Offer for Twenty Five Rounds.

Reno, Nev., Sept. 6.—An offer of \$60,000 to Jack Dempsey to fight Willie Meehan twenty five rounds in Reno some time after the first of the year, was made Friday by the Reno Athletic Club in a telegram to Jack Kearns, Dempsey's manager. Members of the club say Meehan is willing to fight. The offer made to Meehan was not given out.

SCHOOL ENROLLMENT

The East Berlin schools opened Monday with the following teachers: High school, Harper Wentz, teacher, thirteen enrolled; grammar, C. R. Shelly, 30 pupils; Secondary, Dora Masemore, 21 pupils; Primary, Pauline Miller, 25 pupils.

PERSONAL NOTES AND BRIEF ITEMS

News Notes From Around Town and Throughout the County.

MANY DAILY VISITORS

Mention of Guests from Nearby Towns. Short Paragraphs of General Interest.

Lieutenant L. A. Day and Mrs. Day, who was formerly Miss Ruth Faber, are spending the week-end at the home of Mr. and Mrs. Edgar Faber, Chambersburg street.

Dr. Nelly Mark, of Baltimore, is spending the week-end with Mr. and Mrs. F. Mark Bream, Carlisle street.

Cyrus Fleck, editor of the Lafayette College publication and also a member of the Easton Press staff, who formerly attended Gettysburg College, is visiting in town.

Mrs. Ross Myers, Chambersburg street, is visiting at the home of Mrs. Mary Nicklas, of Chambersburg.

Eugene Topper, formerly of Parkersburg, West Virginia, who is spending some time at his home on Baltimore street, is in Red Lion today.

George Lynch has returned to Gettysburg from a two weeks' trip to Philadelphia and vicinity.

Mrs. E. A. Miller and children, Marion and Edgar, Jr., of East Berlin, were visiting at the home of S. Miley Miller, Baltimore street.

Mrs. E. L. Menges has gone to New York City to meet her husband, Chaplain E. L. Menges, who has returned from overseas with the First Division.

Mrs. Bessie Allen Donaldson, of Meshed, Persia, is the guest at the home of Mrs. Jennie McIlhenny, on Chambersburg street.

NOW IT'S THE HIGH COST OF HUNTING

Equipment of Sportsmen has Taken Jump of About Ten Per Cent.

Adams county residents who have been looking forward to the opening of the rabbit and deer seasons are now in a quandry. Many thought the cotton tail and the deer might furnish an excellent weapon with which to combat the high cost of living, but it would seem that they are doomed to disappointment for sportsmen are now confronted with the high cost of hunting.

War tax has been levied on practically every piece of new hunting equipment. Ten per cent is the average rate of increase. Guns, rifles, shells and other equipment of the hunter which is classed as sporting goods, are all subject to the tax. Fortunately, however, there is little advance in the original cost of hunting necessities, the only addition being the imposed tax by the government. Licenses, a very important part of the huntsman's equipment, are the part of his paraphernalia which has not advanced in price. These may be procured for the customary dollar plus fifteen cents.

CORN CUTTING SEASON

Farmers Getting Ready to Harvest Large Crop.

The harvest moon is shining and the farmers are preparing to start to cut their yellow corn. The majority of farmers will start within a few days. That part of the crop planted on high ground, and exposed all season, is almost ripe and ready to be harvested. Some of the farmers who have their corn in the lowlands will have to wait a few days until the fodder matures to the proper state of perfection before they can attempt to put it into shock.

Thus far there has been no frost and the seared condition of the corn is due alone to natural maturing processes.

MUNCE TO GO HIGHER

Director of Animal Husbandry Goes to University.

Dr. Clarence J. Marshall, director of the State Bureau of Animal Industry, will retire in a few days to devote himself to the veterinary medical department of the University of Pennsylvania of which he is dean. Dr. Marshall, who was head of the State Live Stock Sanitary Board and State veterinarian, for ten years or more, served in the army during the war. Dr. T. E. Munce, of Washington county, his assistant for a decade, will succeed him. The changes will be announced soon by Secretary of Agriculture Rasmussen.

CENSUS CLERKS, (men, women). 4000 needed. \$92 month. Age, 18 upward. Examinations everywhere soon. Experience unnecessary. For free particulars, write Raymond Terry (former Government Examiner) 461 Continental Bldg., Washington.—advertisement

MR. ORCHARDIST

Maybe your orchard doesn't get wet with dew in the night, and doesn't get you cold and wet in the mornings before the sun gets busy. But if it does—here's the remedy—A pair of overboots. A light weight rubber boot to be worn OVER the ordinary leather shoe. Protects the leg to the knee, and buckles right below it to keep the top up. When the sun gets up and dries the grass, jerk them off, roll them up, and put them in your pocket—they weigh only 2 1-2 lbs. a pair. Ask to see them the next time you are in town—\$2.75 a pair—you will have lots of winter use for them too.

ECKERT'S STORE

"ON THE SQUARE"

SPEEDING WESTWARD

President Wilson's special train will make many stops in its cross-country run. This picture shows the president, on a former trip, giving a crowd of admiring Americans a back-platform talk.

Announcing the CLEVELAND SIX \$1385

THE new Cleveland Six is here, the car that automobile dealers have been waiting for and talking about for two years past. It is the 1919 achievement of motordom, bringing new qualities, new ideals, new excellence into the light-car field, and at a price which will please countless thousands who care for the better things of life.

You will admire and wonder at this new car, for the industry has offered no other like it. You will be delighted with its grace and style. You will marvel at its power and speed and quietness and comfort. Truly here is the car that will dominate the whole light-car field.

Skill and Sincerity are Built into this Car

The Cleveland Six is the product of men splendidly experienced in the design and making of fine cars, men who have contributed their genius and skill and sincerity to the building up of one of America's finest high-quality cars. So the Cleveland is an expression of the best ideals for service to the world, dependable service of transportation and recreation. It is a really unusual car. It brings genuine motoring satisfaction within reach of thousands who have wanted such a car. It brings new motor-car quality at a low price.

Test Cars on the Road Three Years

The Cleveland is a finished product. There is no suggestion of the experimental about it. It is new to the public, but to the men who conceived it and developed it in the Cleveland is a perfected car.

Cleveland Sixes have been on the road for three years, undergoing every conceivable test for performance and endurance. Two years ago the car was ready for production. But the war was coming, and the Cleveland waited.

Today, in a splendid new plant, the very last word in modern equipment and method, this car is built for you. Managing this great plant, directing all its various departments and guarding every operation, is a group of men whose sincerity of purpose is a guarantee of excellence in their car.

Powerful, Sturdy and Simple

Mechanically, the Cleveland Six is of extraordinary sturdiness and simplicity throughout. It is distinctive. It has refinement of construction not commonly found in low-priced cars.

The wheel-base is more than ample to permit of the most pleasing body designs and to provide seating capacity for five adult persons in the very extreme of comfort, with proper pitch of cushions and lots of leg-room.

Power? There is power to spare in the Cleveland Six. Power that takes the loaded car flying over the hills, and at any speed that anyone would wish over the country road and open highway. Power so flexible, so responsive to the slightest touch of the throttle, that those of us who have driven many cars know there are few motors indeed that compare with it at all.

And this motor is in no other car. It is the exclusive Cleveland Six motor, designed by engineers of the Cleveland Company and built under their supervision in the Cleveland factory.

Your Own Choice of Four Beautiful Bodies

The Cleveland Six will please you. The body designs and furnishings of the handsome touring car, the snappy single-seat roadster, and the two splendid closed car models, are worthy of the mechanical excellence of the car. In some one of these four models you will find your car.

CONDENSED SPECIFICATIONS

Motor—Six Cylinder valve-in-head type; bore 3 inches, stroke 4 1/2 inches; six cylinders cast in bloc separate from crank case; detachable cylinder head; valve mechanism completely enclosed, three-bearing crankshaft of large diameter. Cam shaft and accessories driven by adjustable silent chain. Lubrication by gear pump positively driven by spiral gear from cam shaft.
Carburetor—Stromberg-vacuum system—16 gal. tank at rear.

SPORTING COLUMN

J. Allen Holtzworth, president of the Ward League, is sick at his home on North Washington street and has had no opportunity to confer with Umpire Wisotzky, Manager Oyler of the First Ward, or Manager Thompson of the Second Ward about the forfeited game on Thursday but will try to adjust matters as soon as he is well.

If First Ward protests the game it will fall upon the president of the league to decide whether or not Second Ward should be named winners of the second half of the contest played over.

Many of the players and fans prefer the matter dropped entirely and all in all it is a problem that Ban Johnson, president of the American league, or John Heydler, chief executive of the National, would have difficulty in solving.

After it was officially announced on Friday morning that the Court House team and Battlefield Guides would meet in a return engagement on the Playground diamond Manager Sheriff Hartman stated that his team would be unable to take the field on account of physical inability.

"I told the Guides my men could not take the field," said the Sheriff, "for many of the players are too stiff to even think about running around the bases."

Brady Sefton said that he had been warming up all day and was sorry he was not given the opportunity to shut out the Guides on his fifty fifth birthday and perform a feat never equalled by even Eddie Plank, Cy Young, Christy Mathewson, or any other famous veteran twirler.

Chief Bender will be in the world's series. That is certain. Cincinnati will have him in the lineup when the big games start. He is there now and may pitch a game this week. It was probable Bender would be sent in yesterday against Chicago. Bender was never in better form than he is at present.

The "Chief" whose career started in Harrisburg, has been managing a team in the Virginia League. He brought his club from the cellar to the top and won the championship. Other managers were after Bender but Pat Moran was the one man who could get next to this star twirler. He left Norfolk on Sunday to join the Reds.

"Buck" Elliot, short stop for the former Hanover Blue Ridge team, who has been playing fast ball with the Baltimore Dry Docks nine during this season in now on the Baltimore City team in the International League. In a game Thursday in Jersey City, Baltimore defeated Jersey City by a 6 to 3 score. Elliot played a fine game having two hits, driving in two runs and scoring one himself. He also accepted chances without an error. The Baltimore American says: "Elliot was a Team Himself."

MONSTER FREAK CALF

Born to Cow Belonging to D. F. Wenks.

A monster freak calf with two heads, two bodies, eight legs and two tails but with hinder parts joined together was born on the farm of D. F. Wenks, situated three miles above Benderville.

Dr. E. D. Hudson, Gettysburg veterinarian, and his son, Dr. E. D. Hudson Jr., of York Springs, were called to the Wenks residence on Friday afternoon to perform the task of bringing the monstrosity into the world.

The freak calf is now lying dead in the barn of Dr. Hudson but the cow is living.

In his thirty six years experience as a veterinarian Dr. Hudson said he has never seen such a freak as these twin calves united.

WARNS PRODUCE MEN

Dairy and Food Commissioner James Foust let it be known that any person who attempts to sell for food any foodstuffs which have been in cold storage longer than the law allows and which have been outlawed will be prosecuted. "They can sell such stuff for fertilizer, but not for food as long as I have anything to do with it and I do not care who tries to sell that stuff for food, he will be prosecuted," said he.

FINE QUALITY OF MARKET PRODUCTS

Steady Demand for Crab Apples. Chickens Sell Rapidly.

While the number of truckers at the morning curb market was less than usual for Saturday those who came brought a larger supply than ordinarily. With the exception of peaches for which the height of the season has passed, the quality of fruits and vegetables has never been better during the summer. Plums and melons of various types were especially abundant.

There is more or less of a steady demand for crab apples from people who desire to use them in making jelly but this variety is seldom on sale. One man had a small quantity this morning that were quickly bought. Very few chickens are on sale as a rule, and they are also quickly sold. Prices as listed for some time past show practically no change. A large supply of lima beans forced their price down to twenty cents a quart after the first hour. The first showing of quinces sold readily at seventy-five cents a peck.

Since the sun rises at a later hour some few marketmen do not get to town until six-thirty or even later. These men always find a crowd of purchasers about their wagons before they are able to get their goods on display.

Yams, 1/4 pk. .15
Lima beans, per qt. .20-25
The prices were as follows:
Onions, 1/4 pk. .15-20
Radishes, per bunch .05
Beets, per bunch .05
Lettuce, per bunch .05
Endive, per bunch .05
Cabbage, per head .05-15
String beans, 1/2 pk. .15
Potatoes, pk. .40-50
Yams, 1/4 pk. .25
Tomatoes, per qt. box .05-10
Corn, per doz. .15-20
Cucumbers, per qt. box .05-10
Cauliflower, per head .05-15
Spinach, per 1/4 pk. .15
Carrots, per bunch .05
Eggplant, each .05-20
Green peppers, per doz. .05
Lima beans, per qt. .25
Squash, per head .05
Cantaloupes, each .02 1/2-10
Muskmelons, each .15-25
Watermelons, each .20-35
Peaches, 1/2 pk. .15-30
Apples, per pk. .20-40
Plums, qt. box .07 1/2-10
Pears, 1/2 pk. .20-30
Grapes, per qt. box .07 1/2-10
Honey, per box .20-25
Pumpkins. .05-10
Vinegar, gal. .30
Butter, per lb. .55-60
Eggs, per doz. .50
Chickens, per lb. .35

PERSHING CUT SENTENCE

Paris, Sept. 6.—The Committee of the American Congress which is investigating war expenditures, Thursday took up the question of court-martial proceedings in the American Expeditionary Forces with Colonel White, Judge Advocate General, and Colonel Reed on the stand. The only fact developed regarding cases which have been the subject of discussion was that General Pershing personally reduced the sentence of Lieutenant Frand H. ("Hardboiled") Smith from three years to eighteen months.

Colonel Winship, of the Service of Supply, will testify before the committee Monday as to the production of records in court-martial cases.

Lieutenant Frank H. ("Hardboiled") Smith was the commander of Chelles Detention Farm, in France. He was convicted of brutality and was confined at Gievres.

MARRIAGE LICENSE

Levi Wilard DeLozier and Marguerite Genevieve Druss, both of Duncansville, have been granted a marriage license by Clerk of the Courts Shelly.

"Were you annoyed because I sharpened a pencil with your razor?" "Twice," replied the patient husband. "After I had given up trying to shave, I tried to write with the pencil," Washington Star.

might arise during the winter.

Ordinance Adopted

At the request of the State Highway Department the Council adopted an ordinance specifying grades, survey, plans and blue prints of Chambersburg and York streets. This action was necessary, Commissioner Sadler notified the Council, before he could let the contract for the paving. The ordinance specifies that all lines, elevations and depressions indicated by the State Highway Department be recorded according to law and that markers and signs indicating the lines be adopted as evidence of the grades. Any grades previously authorized by borough ordinances are repealed by the ordinance adopted Friday night.

According to the plans drawn up by the Highway Department and adopted by the Council there will be little change in elevation or depression on these two streets necessary. The largest fills will be required on this side of the Rock Creek bridge and at the railroad crossing on Buford street. These fills amount to more than two feet.

ADMINISTRATRIX'S
PUBLIC SALE
OF

VALUABLE REAL ESTATE
SATURDAY, SEPTEMBER 13, 1919.
The undersigned administratrix of the estate of Earnest Patrick Frock, late of Berwick Township, Adams County, Pa., deceased, by authority of an order of sale granted by the Orphans Court of Adams County, will offer at public sale on the premises, the following valuable real estate:

An improved lot of ground in Berwick Township, Adams County, on the road running from the Carlisle Pike to the Abbottstown Pike; said lot containing one-fourth acre of land, neat measure.

The lot is improved with a two story weatherboarded dwelling house, barn, smokehouse and other outbuildings, and a good well of water at the house. There is a good garden and a number of fruit trees on the premises.

The property is convenient to church, school and stores, and makes a most desirable home.

Sale will commence promptly at 2 o'clock, P. M., when terms and conditions of sale will be made known by the undersigned.

ESTA B. FROCK,

Administratrix of Earnest Patrick Frock, deceased; Hanover, Pa., R. D. J. Donald Swope, Esq.,
Attorney for Estate.

MISSIONARY SOCIETY MET

At a tea held in the lecture room of the Presbyterian church, the program committee of the Missionary society and the hostesses for the coming year combined business with pleasure Friday evening.

Miss Margaret Barr, president of the organization, presided, and Mrs. C. B. Stauffer, chairman of the program committee, led in the discussion and explanation of the plans for the coming year. Leaders for the coming meetings were definitely assigned.

Mrs. Dwight M. Donaldson, of Meshed, Persia, was present and gave a short but interesting talk. Light refreshments were served by the young ladies of Miss Ella Gilliland's Sunday School class, under the leadership of Miss Anna Gilliland.

ATTACK PARCEL
POST MAIL SERVICE

Rural Mail Carriers Say Routes are too Long and Patrons Suffer.

Washington, Sept. 6.—Attacks on the policy of the Post Office Department as to rural mail delivery and parcel post service, were made late Thursday before the House Committee on Expenditures in the Post Office Department.

W. D. Brown, editor of R. P. D. News, and counsel for rural carriers, charged that the lengthening of rural routes had been ordered indiscriminately throughout the country, with the result that patrons got poor service and carriers were made to undergo additional hardships without adequate compensation.

Routes that were twenty four miles formerly have been increased in length to thirty miles. The theory of the department, Mr. Brown said, is that this enables the mails to be delivered to more persons at the same cost as formerly. He declared, however, that patrons on the twenty four mile route, who formerly had mail brought close to their door, now must walk half a mile or a mile to get it. Carriers are forced to make the longer route for the same money as the old. Twenty four miles make a route sufficiently long for a day's trip, Mr. Brown said. He pointed out that while carriers can use automobiles in summer and make the route they must be prepared to use other vehicles in winter weather.

TWO HEADED SNAKE

Waynesboro, Pa., Sept. 6.—A mother water snake, up in the Conocheague creek, above Greencastle, bred a wriggling youngster with two separate heads. They were divided at the neck and each had a perfect head equipment, tongue, eyes, fangs and all. The discovery was made following a battle S. E. Fitz, a local fisherman, had with the mother snake. He was wading in the water fishing for stone cats and other live bait, when the old reptile made at him out of the bushes, with head uplifted and hissing like steam escaping. He raised his net pole and batted the snake over the head and put her out of business. When he took her out on the bank and dissected her, out came a brood of twenty-nine baby snakes, among them the two-headed freak, which he put in his bait bucket and brought along home.

The Home is Judged
By Its Bath Room

The modern bath room symbolizes the clean, wholesome, healthful things of life. It is the daily preserver and restorer of vitality.

It speeds the busy man towards his day's work, bodily fit and mentally fresh. It sends him out rejuvenated—nerves soothed, muscles elastic and with a glowing sense of well-being.

No other room in the house so truly measures the standard of the family. Others may be overlooked, but each refinement or fault of the bathroom is glaringly distinct and rarely forgotten.

A porcelain tub does not make a bath room. It is the small devices that complete it and give each member of the family a place for his or her requisites. These devices make the bath room what it should be, convenient and sanitary, as well as beautiful.

We have just added a new line of Bath Room Ware, and have purchased the finest line made to-day.

San-O-La

Positively guaranteed. Any piece marked "San-O-La" is warranted perfect, or will be replaced with perfect goods. So far as we know this is the only place outside of the large city Department Stores where this complete line is carried in stock.

Probably you have been waiting for some time for an opportunity to fit up your Bath Room and did not know where to find the quality of goods you desired. Come and look at this "San-O-La" line and be convinced that there is none better.

Gettysburg Department Store

What To Demand In a Tailor-Made

Simplicity—that's the keynote of a good-looking tailor-made

It's the things that are left off as well as those that are put on that make a tailor-made right—so look for correct designing.

And it's only the very best fabrics that retain those graceful simple lines through the stress of wear—so look for excellent fabrics. Even then, unless it is perfectly tailored in every detail you won't get enduring styles—so look for dependable tailoring.

Wooltex tailor-mades meet every one of these requirements.

G. W. WEAVER & SON

We are the authorized agents for Wooltex Suits and Coats that meet all of these demands

PUBLIC SALE

VALUABLE REAL ESTATE

SATURDAY, SEPTEMBER 20, 1919.

The undersigned will sell at her farm, KNOWN AS THE BONNER FARM, situated in Latimore Township, Adams County, Pennsylvania, along the public road leading from Stambaugh's Mill to Deardorff's Mill and about two miles Northeast of York Springs, adjoining lands of Joseph Lerew, Harry Brough and George Kinter containing about 240 ACRES, IMPROVED WITH A TWO-STORY LARGE BRICK HOUSE with slate roof, LARGE BANK BARN in good condition with three barn floors, wagon shed, corn cribs, hog pen and other necessary out-buildings, with running water in the barn yard and a stream of water flowing through the land.

About 40 ACRES of this farm is IN CHESTNUT AND OAK TIMBER, the balance of the farm is tillable land in fine fertile condition.

ABOUT ONE-HALF OF THE TILLABLE LAND IS CHESTNUT FLINT AND WELL ADAPTED TO THE PRODUCTION OF FRUIT; the balance of it is known as red land and is fertile and productive.

Sale to be held on the premises at 1:30 o'clock P. M. when attendance will be given and terms made known by DELIAH MYERS.

PUBLIC SALE

SATURDAY, OCTOBER 4th, 1919.

The undersigned, trustee for the sale of the real estate of Albert M. Lochbaum, deceased, by virtue of an order of sale granted by the Orphan's Court of Adams county, will offer at public sale on the premises the following valuable fruit farm.

A farm containing 46 acres and 59 perches of the finest grade of fruit land, situated on the road leading from Orrtanna to Willow Grove, about two and one-half miles west of Orrtanna, improved with a good dwelling house, bank barn, and all other out-buildings, and with good water at the house and barn. About 33 acres is cleared farming land and contains about 50 apple trees and other fruit. The property is convenient to school, and church, and will make a most desirable property for anyone wishing to purchase a good fruit farm.

Sale to commence promptly at 1 o'clock P. M., when terms and conditions will be made known by

AMANDA V. LOCHBAUM

TO FLOAT BOND FOR SILK FIRM

(Continued from First Page.)

tion is contingent upon our ability to be supplied with electric power to run, light and heat the plant."

Electric Power Problem

In regard to the supply of electric power for the Eagle Silk Factory the Chamber of Commerce has conferred with K. K. Garrett, manager of the Hanover and Gettysburg Light Company, upon the proposition of erecting a new additional electric line to Gettysburg.

Mr. Garrett has given his word as guarantee that he will erect a new electric line to Gettysburg by January first when convinced that the Eagle Silk factory here is a certainty.

Allen B. Plank, J. Frank Hartman and W. F. Gilliland were appointed a committee to go before Adams county's commissioners to request them to provide an electric light for the town clock so that Gettysburg residents can tell time at night.

George Eberhart was elected to membership.

Further efforts to secure better train service for Gettysburg were discussed by the directors.

A meeting of the entire Chamber of Commerce will be held in the office of George C. Fissel on next Wednesday night when report of the committee's visit to the banks will be submitted and other important business transacted.

CORN CROP GOOD

Report Conditions Excellent Despite Heavy Rains.

Expectations of a good corn crop in Pennsylvania are voiced by State Agricultural Department officials as a result of reports received showing conditions on September 1. Some counties report that the yield was excellent in spite of weather conditions and that the pests did not do the damage feared.

It is probable that the Department of Agriculture will make some changes in the regulations concerning the shipment of hogs in central Pennsylvania counties, which are now quarantined as to shipments owing to hog cholera. This quarantine has been in force since early in the summer and it is believed that the disease which had been causing heavy loss to hog raisers is now under control.

PLACARDS DOWN

State Highways—Are Well Cleared of Signs.

State Highways in Pennsylvania have been pretty well cleared of advertising signs, including cards of candidates, according to department officials who have been making inspections. In some districts the road superintendents removed signs, but as a rule owners of expensive signs were out early and took down their property. Literally thousands of signs were removed.
